

Maxim Gryaznov

Graphic designer [Portfolio](#)

[LinkedIn](#) verymoko@gmail.com 055-271-8504, Haifa, Israel

An analytical, creative graphic designer with 5 years' experience is looking for a generalist role including a strong internal communications component. Familiar with web technologies to test and prototype own designs. Detail oriented, critical thinker with a background in automotive engineering.

Software programs: Adobe Photoshop, InDesign, Illustrator, Lightroom, Figma, Blender.

Freelance experience

2017—present

Graphic designer

- Wrote and designed an artist's book about fonts, using Adobe InDesign and Illustrator that was exhibited in the museum of modern arts in my hometown.
- Created the handwritten artist's book about building a car, with my own calligraphy and illustrations. Digitized the book using Adobe Lightroom.
- Manage own working processes: communication with project managers and developers. Present design solutions to customers.

Web designer

- Designed the website using Figma and data visualization of the half-year report for the financial marketplace that attracted new customers.
- Created the showcase site for the gift crafting startup with the no-code platform and prepared product pictures with Photoshop. I was a single communication designer on the team.
- Created presentation drafts and tuned web pages with Adobe XD on the internship.
- Used customer's brand book and guidelines to create UI.

UX/UI Designer in DF Systems. Jerusalem, Israel

05/2022—present

Electronic documents startup that helps to save time by automating routines.

- Researched and identified users' needs and business goals.
- Designed customer-oriented user flows, wireframes and interactions.
- Used, maintained, and developed UI design system assets.
- Brainstormed with the team and developed new UI ideas.
- Designed mobile and desktop screens and controls for graphic editor.
- Worked on two projects at the same time.
